

**Alumier<sup>MD</sup>**

# Alumier comes from the word “illuminate”.

Illuminate /v/-  
(1) to make clear or bright;  
(2) to enlighten or share knowledge

# Our Brand Story

## THE SECRET TO SKIN CARE:

We've got a secret and we want to share it with you: when it comes to skin care, one size does not fit all. The reality of multiple skin profiles means there is not one perfect formula or magical ingredient for younger, smoother and brighter looking skin.

That's why our team of experts has designed multifaceted, results-oriented skin care products that target the underlying physiology related to each skin type, condition and person. The AlumierMD skin care line is customised to meet each individual's needs for optimal results.

## THE SCIENCE BEHIND GREAT SKIN:

AlumierMD was born out of an understanding that everyone wants clear, beautiful skin.

With over 100 years of combined skin care experience, our PhD biochemists, physicians and skin care experts create science-backed products in luxurious formulations that work to reveal more radiant and luminous skin.

Through advanced proprietary chemistry, AlumierMD has optimised the bioavailability of each molecule in the ingredients we use. As a result, our scientific formulations deliver exceptional results.

We don't just 'dust' our products with expensive ingredients to make marketing claims. We research the optimal ingredients and concentrations enhanced with advanced delivery systems to create prescription-strength formulations for a wide range of skin profiles.

## SKIN PROFILE:

Individuals have unique skin profiles which means one product or skin care regimen does not suit all. Skin types include dry, normal, combination and oily. Skin conditions include rosacea, sensitive, acne and hyperpigmentation.

Other variables also have an impact on your skin, for example, age, ethnicity and climate. Your AlumierMD skin care professional will help determine your skin care profile based on all these factors, and provide the optimal treatment regimen for you – because you are like nobody else!

## OUR DEVELOPMENT PROCESS:

Our product development process is thoughtful and science-based. It begins with identifying skin profiles and the correct molecules; this helps determine the concentration of ingredients needed for optimal skin care results.

From formulating and product testing, to creating travel-size products and innovative bottles that keep ingredients fresh, we design with you in mind.

## AlumierMD: Brighter Ideas In Science

- All our products are free of parabens, sulphates, petrolatum and dyes
- Our packaging is recyclable
- All our products are created to work synergistically with each other

### Karl Lintner, PhD, DIRECTOR OF SCIENTIFIC COMMITTEE

Dr Karl Lintner obtained a degree in chemical engineering and a PhD in biochemistry from Vienna University in Austria. After 10 years of research on biological peptides at the Nuclear Research Centre in Saclay, France (including more than 30 published papers in biochemistry and biophysics), he became laboratory manager then marketing manager (product development and worldwide technical support) with the Henkel Company, Düsseldorf, Germany.

Dr Lintner joined Sederma in 1990 as technical director and then headed the company from 1997 to 2007 as managing director and CEO. He was responsible for, and won a number of awards in the development of innovative active cosmetic ingredients. From 2007 to 2010 he acted as technical advisor to Enterprise Technology at Croda.

Dr Lintner was an associate professor at Versailles/St. Quentin University from 2011 to 2013. Currently, he teaches cosmetic chemistry and skin biology at the ISIPCA School of Perfumery, Cosmetics and Aroma in Versailles.

Dr Lintner is the inventor of several dozens of patents and has published numerous articles and book chapters on cosmetic ingredients. He introduced the peptide concept to cosmetic applications including the well known Matrixyl®.

Dr Lintner is an active member of SCC (chaired COSA in 2011) and SFC (France) and editor-in-chief of the International Journal of Cosmetic Science. He was awarded the prestigious Maison de Navarre Medal of the SCC in 2012 and won the In-Cosmetics Lifetime Achievement Award in 2013.

- SFC (Société Française de Cosmétologie)
- COSA (Committee of Scientific Affairs of SCC)
- SCC (Society of Cosmetic Chemists)
- SEDERMA is a world leader in developing innovative active cosmetic ingredients

### Mindy S. Goldstein, PhD, HEAD OF RESEARCH

Dr Goldstein received her Bachelor of Science (Hons) in biochemistry, Masters of Science in pathology and PhD in basic medical sciences from New York University in the area of UV and gamma radiation damage to DNA and DNA repair. She has been credited with more than eleven publications in scientific journals and books and has been awarded patents in the area of raw materials, encapsulation and controlled release.

Dr Goldstein has been in the cosmetic industry since 1987 and most recently was Vice President of Research & Development and Product Development for Atlantic Coast Media Group in Jersey City. She has consulted within the personal care, pharmaceutical and nutraceutical industries. Previously, Dr. Goldstein served as executive director, research & development, for The Estee Lauder Companies in Melville, NY. Her responsibilities included supplier contact for REACH activities, internal commercialisation of new treatment actives for all of the Estee Lauder brands, troubleshooting formulation issues with active materials, encapsulation technology and identifying new platform technologies. She has also held directors positions in R & D at Bath & Body Works, Lipo Chemicals and Collaborative Laboratories.

Dr Goldstein is an active member of the Society of Cosmetic Chemists and served as the chair of the Long Island Chapter in 1994, the chair of the Committee on Scientific Affairs in 1998 and 2009, and the national president of the Society of Cosmetic Chemists in 2002.

Dr Goldstein is currently editor as well as a reviewer for the Journal of Cosmetic Science. She is a member of numerous professional and scientific organisations including the PCPC Nomenclature Committee where she is chair of the subcommittee on biotechnology, botanicals and ferments.

Dr Goldstein also serves as an advisor to Cosmetic and Toiletries magazine.

# Cleansers

---

Proper cleansing is crucial for maintaining skin health and for optimising the absorption of product ingredients.

AlumierMD pH balanced cleansers and scrubs gently and effectively clean the skin by removing debris and excess oils while hydrating to leave skin smooth and soft. They do not contain any soaps, sulphates or parabens.

We use natural alternatives to harsh synthetic surfactants; these ingredients gently cleanse and soothe skin while maintaining its delicate hydrolipid barrier.

CLEANSERS

EXFOLIATORS

SPECIALTY SERUMS

EYE CREAMS & GELS

MOISTURISERS

SUNSCREENS

177 ml / 6 fl oz

● FITZPATRICK I-VI  
NORMAL TO OILY SKIN

## PURIFYING GEL CLEANSER

A refreshing pH balanced foaming cleanser that gently and effectively cleans by removing impurities and excess oil, leaving skin fresh, soft and supple.

### Benefits:

- Natural foaming ingredients
- Soothes and replenishes lost moisture
- Fragrance-free, sulphate-free, paraben-free, soap-free, mineral oil-free, dye-free

177 ml / 6 fl oz

● FITZPATRICK I-VI  
NORMAL TO DRY SKIN

## HYDRABOOST

A smooth hydrating pH balanced cleanser that delicately removes impurities, excess oil and makeup, leaving skin soft, smooth and intensely hydrated.

### Benefits:

- Yucca root extract gently cleans skin
- Vitamin E, sunflower seed oil and argan oil replenish lost moisture
- Soothes and calms sensitive skin
- Free of artificial fragrance, sulphate-free, paraben-free, mineral oil-free, soap-free, dye-free

## ACNE CLARIFYING CLEANSER

A light gel cleanser that deep-cleans pores and calms skin for a clearer complexion. Salicylic acid penetrates pores to help control acne pimples, prevent new breakouts and allow skin to heal. Honey, niacinamide (vitamin B3) and rice bran extract soothe and hydrate skin, leaving it fresh, supple and comfortable.

### Benefits:

- Reduces the number of acne pimples
- Calms, soothes and relieves irritation
- Fragrance-free, sulphate-free, paraben-free, soap-free, mineral oil-free, dye-free

## SENSICALM

A smooth, hydrating cleanser that delicately removes impurities and excess oil while soothing skin and calming redness with the properties of aloe and niacinamide (vitamin B3).

### Benefits:

- Yucca root extract is a gentle natural cleanser
  - Ceramides and vitamin B3 moisturise, leaving skin smooth, soft and intensely hydrated
  - Free of artificial fragrance, sulphate-free, paraben-free, mineral oil-free, soap-free, dye-free
- ◊ **Don't forget to cleanse in the morning.** While you sleep, your skin repairs itself, excreting toxins and sebum that can prevent morning products from absorbing into the skin and working optimally. Also, washing your face in the morning removes night-time products which may contain ingredients that are not recommended for daytime use, including retinol and acids.

# Exfoliating

An exfoliant is used to smooth away dead skin cells that have accumulated on the surface of your skin in order to maintain youthful, healthy looking skin that remains free of blemishes.

There are two main types of exfoliation: mechanical and chemical. Mechanical exfoliants scrub away dead skin cells using physical particles. Chemical exfoliants use either acids or enzymes to loosen the connections between dead skin cells.

## BRIGHT & CLEAR SOLUTION

A refreshing skin conditioning solution which encourages skin cell turnover, revealing a radiant complexion.

### Benefits:

- Brightens skin and reduces the appearance of fine lines and wrinkles
- Lactic acid, Lime Pearl™ and soy amino acids gently exfoliate dead skin cells
- Superox-C™ (high in vitamin C) provides antioxidant protection from free radical damage
- Arnica calms and soothes the skin
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

## LOTUS SCRUB

Lotus Scrub uses lotus seed powder and microcrystalline cellulose, unique natural biodegradable exfoliating agents that are smooth and spherical. These agents create even and gentle exfoliation to remove dead skin cells and reveal healthy, more radiant skin.

### Benefits:

- Enhances absorption of important skin care ingredients
- Lotus seed powder also has natural moisturising and calming properties to help you achieve a healthy glow
- Fragrance-free, sulphate-free, paraben-free, soap-free, mineral oil-free, dye-free

Lime Pearl™ is used under authorisation of Sederma Inc.  
Superox-C™ is used under authorisation of Sederma Inc.

## ENZYMATIC PEEL

A highly effective exfoliator that combines lactic acid (10%) with fruit enzymes to encourage cell turnover and promote skin renewal, minimising the appearance of fine lines, wrinkles and hyperpigmentation. Leaves skin supple and radiant.

### Benefits:

- Aloe vera extract calms the skin and soothes redness
- Sodium hyaluronate and vitamin B5 hydrate and soften skin
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

## AHA RENEWAL SERUM

A clarifying formula with a mixture of exfoliators and hydrators to reduce the visible signs of ageing while promoting smoother, brighter, more radiant skin. Lactic acid (8%) and gluconolactone remove dead skin, speed cell turnover, reduce the appearance of hyperpigmentation and smooth fine lines and wrinkles.

### Benefits:

- Contains hyaluronic acid, allantoin and vitamin B5 for effective hydration
- Green tea and arnica help to reduce potential irritation
- Fragrance-free, sulphate-free, paraben-free, dye-free

# Anti-ageing & Retinols

Retinol is a vitamin A derivative and antioxidant that strengthens skin and increases cell turnover, enhancing skin texture and tone. Retinol minimises the appearance of fine lines, wrinkles and hyperpigmentation. It also reduces pore size appearance and blemishes.

MATRIXYL® synthe'6® is derived from a peptide naturally found in collagen and laminins; it strengthens skin and improves elasticity reducing the appearance of fine lines and wrinkles.

Exo-P™ (Alteromonas Ferment Extract) is a sustainable, purified polysaccharide from a unique microorganism found in French Polynesia. It forms a biomimetic shield on the surface of the skin to protect against pollution and smog, purifying skin and preventing premature ageing.

L-Ascorbic Acid USP (vitamin C) is a potent antioxidant and is the only bioavailable form of vitamin C for the skin. Vitamin C helps protect the skin from free radical damage and is essential for collagen synthesis, helping to reduce the appearance of fine lines and wrinkles while brightening the look of the skin.

MATRIXYL® synthe'6® is used under authorisation of Sederma Inc.  
Exo-P™ is used under license from Lucas Meyer Cosmetics Canada Inc.

**NEW** from Alumier<sup>MD</sup>

## Vitamin C

15 ml / 0.5 fl oz

● FITZPATRICK I-VI  
ALL SKIN TYPES

### EVERACTIVE C&E®

A potent antioxidant serum to reduce the visible signs of ageing for all skin types.

A unique delivery system ensures the 15% vitamin C complex is always optimally active. The vitamin C powder is kept separate in a unique cap and only mixed into the bottle of serum when you are ready to use it.

#### Benefits:

- Stays fresh because you only mix the vitamin C into the serum when you're ready to use it
- Contains high-strength 15% vitamin C (USP grade L-ascorbic acid), vitamin E (USP grade) and Matrixyl® synthe'6®
- Brightens and revitalises the look of skin
- Reduces the appearance of fine lines and wrinkles
- Improves skin tone and texture
- Antioxidants protect and neutralise free radicals from the sun and pollution
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

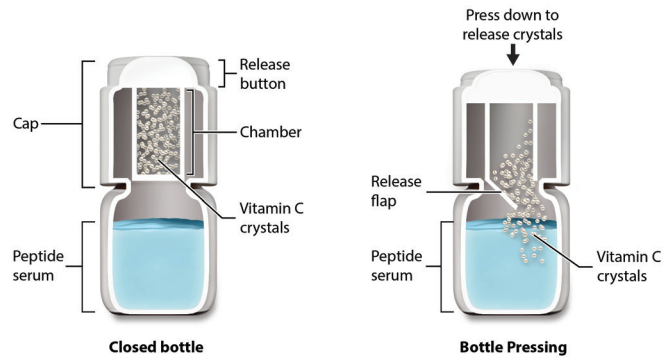

MATRIXYL® synthe'6® is used under authorization of Sederma Inc.

## FRESH FROM THE START!

Many premixed vitamin C serums can oxidise in their bottles, when exposed to air or light, turning a brownish colour. When oxidised, the vitamin C is no longer as beneficial for the skin.

EverActive C&E® stays fresh because you mix the vitamin C into the serum when you are ready to use it. The vitamin C is kept separate in a unique cap until you activate it.

### Key Ingredients:

#### 15% L-Ascorbic Acid (USP grade):

The only bioavailable form of vitamin C for the skin, L-ascorbic acid is a powerful antioxidant that protects cells from free radical damage caused by the sun and pollution. Vitamin C is essential for collagen synthesis, which helps reduce the appearance of fine lines and wrinkles. It also brightens and evens out skin tone.

#### Tocopheryl Acetate (USP grade):

An effective form of vitamin E for the skin, this highly moisturising and fat-soluble vitamin protects cell membranes and acts as an antioxidant, which strengthens the effect of vitamin C.

**Matrixyl® synthe'6®:** Derived from a tripeptide naturally found in collagen and laminins, Matrixyl® synthe'6® strengthens skin and improves elasticity, reducing the appearance of fine lines and wrinkles.

30 ml / 1 fl oz

● FITZPATRICK I-IV  
ALL SKIN TYPES

### ALUMIERCE A.G.E.

An exclusive formulation that reduces the visible signs of ageing caused by free radicals, pollution and advanced glycation end products (A.G.E.s).

#### Benefits:

- Exo-P™ forms a biomimetic pollution shield
- Uses a unique blend of antioxidants, specialised peptides and antiglycation ingredients
- Provides the ultimate in daily protection from pollution and UV skin damage
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

30 ml / 1 fl oz

● FITZPATRICK I-IV  
ALL SKIN TYPES

### ULTIMATE BOOST SERUM

A lightweight serum that boosts hydration and reduces the appearance of fine lines and wrinkles with sodium hyaluronate, vitamin B3 (niacinamide) and MATRIXYL® synthe'6®. Powerful antioxidants, including glutathione and a blend of tea extracts, neutralise ageing free radicals to protect the skin from future damage caused by the sun and pollution.

#### Benefits:

- Strengthens, firms and improves elasticity
  - Restores hyaluronic acid
  - Leaves skin feeling soft, smooth, firm and hydrated
  - Suitable for all skin types
- **Use products in the correct order.** Layering products provides the benefit of more specialised ingredients. Using heavier creams first will block the absorption of lighter products.

MATRIXYL® synthe'6® is used under authorisation of Sederma Inc.  
Exo-P™ is used under license from Lucas Meyer Cosmetics Canada Inc.

## RETINOL RESURFACING SERUMS AVAILABLE IN 0.25, 0.5, 1.0 PERCENT

Pure potent microencapsulated retinol serums that dramatically reduce the appearance of fine lines and wrinkles and improve texture and tone. These formulas also target blemish-prone skin and minimise pore size appearance. By encapsulating the retinol and adding soothing and hydrating ingredients like niacinamide (vitamin B3), aloe, honey and sodium hyaluronate, optimal results can be achieved in comfort.

### Benefits:

- Cutting-edge microencapsulated retinol technology allows for gradual timed release overnight
  - Retinol and MATRIXYL® synthe'6® increase skin firmness, strength and elasticity
  - Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free
- We recommend conditioning the skin by starting with a low-percentage retinol product like Retinol Resurfacing Serum 0.25 or 0.5, since mild redness, peeling and irritation can occur when you start using retinol products. Use gradually, two or three nights a week to allow your skin to adjust.

30 ml / 1 fl oz

● FITZPATRICK I-VI  
ALL SKIN TYPES

MATRIXYL® synthe'6® is used under authorisation of Sederma Inc.

# Brightening

---

AlumierMD's brightening formulations contain naturally powerful brightening plant extracts and innovative lightening peptides that work by different mechanisms to improve the appearance of hyperpigmentation and create a more even skin tone.

30 ml / 1 fl oz

● FITZPATRICK I-VI  
HYPERPIGMENTATION

## EVENTONE BRIGHTENING SERUM

A lightweight serum that contains naturally powerful skin brightening agents that work by different mechanisms to enhance results and resistance to new pigment formation.

To boost results, try EvenTone Brightening Serum with either AlumierMD's AHA Renewal Serum or one of AlumierMD's Retinol Resurfacing Serums to enhance exfoliation of existing dark spots.

### Benefits:

- Emblica™, oyster phoenix mushroom, niacinamide (vitamin B3), liquorice and whitening peptides brighten and even skin tone
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

Emblica™ is a trademark of Merck KGaA Darmstadt, Germany

## INTELLIBRIGHT COMPLEX

A lightweight serum containing naturally powerful skin lightening agents to brighten the complexion and reduce the appearance of hyperpigmentation.

### Benefits:

- Arbutin, kojic acid, liquorice and vitamin B3 brighten and even skin tone
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

## VITAMIN RICH SMOOTHER

Vitamin Rich Smoother is formulated with antioxidants, vitamin C (15% L-ascorbic acid) and vitamin E (tocopherol) to brighten and revitalise the look of the skin. Its silky consistency evens out skin texture, minimises the appearance of fine lines and wrinkles and leaves skin looking and feeling smooth.

### Benefits:

- Vitamin Rich Smoother is the perfect base for makeup
- Antioxidants protect and neutralise free radicals from the sun and pollution
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

30 ml / 1 fl oz

● FITZPATRICK I-VI  
ALL SKIN TYPES

30 ml / 1 fl oz

● FITZPATRICK I-VI  
ALL SKIN TYPES

# Acne, Oily & Redness

## **Acne**

AlumierMD's innovative acne products help you fight acne with naturally powerful ingredients that use different mechanisms without drying out your skin. Ingredients work to unclog pores, decrease P. acnes, reduce shine and calm irritation and redness. The result is reduced blackheads, whiteheads and pimples, leaving you with a clearer complexion.

## **Sensitive and Redness-Prone Skin**

AlumierMD's products for sensitive and redness-prone skin improve redness and irritation using naturally powerful ingredients. Our advanced regimen soothes redness and irritation, boosts hydration and protects your skin from environmental triggers, leaving you with a calmer and clearer complexion.

30 ml / 1 fl oz

● FITZPATRICK I-VI  
ACNE-PRONE SKIN

## ACNE BALANCING SERUM

An advanced, lightweight serum that penetrates pores to reduce acne, allow skin to heal and prevent new pimples. An innovative encapsulated salicylic acid technology provides a slow even release into the skin, minimising irritation while extending effectiveness.

### Benefits:

- Encapsulated 2% salicylic acid penetrates pores to reduce acne
- Resveratrol, honey and rice bran extract are powerful antioxidants
- Allantoin, niacinamide and sodium hyaluronate work together to maintain the skin's natural hydrolipid barrier
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

## MATTICLEAR

A lightweight oil absorbing serum that helps reduce shine and refine skin texture, resulting in a smooth, matte finish.

### Benefits:

- Linseed extract, java tea, Canadian Willowherb™ and tripeptide-1 help to reduce the appearance of oily skin
- An innovative microparticle complex absorbs excess sebum to create an immediate mattifying effect
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

30 ml / 1 fl oz

● FITZPATRICK I-VI  
OILY SKIN

## CALM-R®

A lightweight hydrating serum with natural soothing and antioxidant ingredients that targets redness and blemishes while maintaining skin's delicate moisture balance.

### Benefits:

- Hinokitiol is a multifaceted active with soothing and antioxidant properties
- Sea whip, glucosides and honey are powerful calming ingredients
- Niacinamide (vitamin B3) helps replenish skin's natural protective barrier
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

30 ml / 1 fl oz

# Eye Creams & Eye Gels

The skin around your eyes is thinner, more fragile and more prone to dryness, meaning it often shows signs of ageing and fatigue more quickly than other areas of the face. Sun exposure and repeated facial expression contribute to the signs of ageing. AlumierMD's eye products are formulated specifically for this delicate area, and use gentle moisturisers that restore skin's natural hydrolipid barrier. Novel ingredients, including speciality peptides and encapsulated retinol, target fine lines, wrinkles, puffiness and dark circles while vitamins and antioxidants nourish and protect.

## ALUMINEYE®

This luxurious peptide eye cream helps improve elasticity and firmness while diminishing the appearance of fine lines, dark circles and puffiness. A combination of tremella mushroom extract, niacinamide (vitamin B3) and murumuru butter moisturise while a unique blend of antioxidants protects against UV-induced free radical damage.

### Benefits:

- Contains a unique blend of anti-ageing peptides including EyeLiss™, Haloxyl™ and MATRIXYL® synthe'6®
- Contains light-reflecting and soft-focus ingredients that immediately lighten the appearance of under-eye darkness
- Fragrance-free, sulphate-free, paraben-free, dye-free
- ◊ To keep the soft-focus ingredients intact for optimal lightening of dark circles, this product should not be rubbed completely into the skin.

EyeLiss™ is used under authorisation of Sederma Inc.  
Haloxyl™ is used under authorisation of Sederma Inc.  
MATRIXYL® synthe'6® is used under authorisation of Sederma Inc.

## RETINOL EYE GEL

A vitamin-packed, pure microencapsulated retinol gel formulated especially for the delicate eye area that firms, tightens and strengthens the skin, reducing the appearance of fine lines and wrinkles. Allantoin and niacinamide (vitamin B3) moisturise while vitamin E provides potent antioxidant protection.

### Benefits:

- Contains an encapsulated, very gentle slow release retinol
  - Allantoin and niacinamide (vitamin B3) moisturise
  - Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free
- ◊ Apply eye cream with a ring finger, being careful not to rub or stretch the delicate skin. Gently pat under the eyes, along the brow bone and over crow's feet.

15 ml / 0.5 fl oz

# Moisturisers

---

AlumierMD's luxurious moisturisers are loaded with powerful antioxidants, stimulating peptides, nourishing vitamins, and other hydrating and soothing ingredients.

Peptides firm and strengthen skin and improve its elasticity. Antioxidants protect skin from free radicals caused by UV exposure and pollution. Innovative moisturisers restore the skin's natural hydrolipid barrier by drawing and locking in moisture, reducing transepidermal water loss (TEWL) and enhancing natural skin lipids.

## HYDRALIGHT

A light moisturising formula that nourishes and improves skin texture, using soothing and hydrating ingredients like sodium hyaluronate, aloe and niacinamide (vitamin B3). Powerhouse peptides firm and strengthen skin, reducing the appearance of fine lines and wrinkles. Antioxidants protect and neutralise free radicals from the sun and pollution restoring a healthy, radiant complexion.

### Benefits:

- MATRIXYL® synthe'6® strengthens skin and improves elasticity
- Sodium hyaluronate, aloe and vitamin B3 provide light moisture
- Leaves skin feeling soft, smooth, firm and hydrated
- Fragrance-free, sulphate-free, paraben-free, dye-free

◦ **Moisturise immediately after washing your face.** Since the skin cools itself by water evaporation, towel dry and apply moisturiser right away to lock in moisture before it escapes.

50 ml / 1.7 fl oz

● FITZPATRICK I-VI  
NORMAL TO DRY SKIN

## HYDRADEW

An intensely rich formula that nourishes and improves skin texture using soothing and moisturising ingredients like sodium hyaluronate, shea butter, aloe and niacinamide (vitamin B3). Powerhouse peptides firm and strengthen skin, reducing the appearance of fine lines and wrinkles. Antioxidants protect and neutralise free radicals from the sun and pollution, restoring a healthy radiant complexion.

### Benefits:

- MATRIXYL® synthe'6® strengthens skin and improves elasticity
- Sodium hyaluronate, aloe, vitamin B3 and shea butter provide intense moisture
- Leaves skin feeling soft, smooth, firm and hydrated
- Fragrance-free, sulphate-free, paraben-free, dye-free

MATRIXYL® synthe'6® is used under authorisation of Seaderma Inc.

## HYDRASMOOTH

An ultra light non-comedogenic hydrator specifically formulated to restore clarity to acne-prone skin. Salicylic acid deeply penetrates pores to remove dead skin cells, help control acne pimples and allow skin to heal. An innovative encapsulated salicylic acid technology provides controlled delivery into the skin which decreases its side effects and extends its effectiveness over time.

### Benefits:

- 1% salicylic acid penetrates pores to reduce acne
- Hinokitiol, Canadian Willowherb™ and aloe relieve redness and irritation
- Allantoin and vitamin E (tocopherol) maintain skin's moisture balance
- Non-comedogenic, fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

## HYDRACLARITÉ

An ultra light non-comedogenic antioxidant rich moisturiser formulated for oily and blemish-prone skin which absorbs quickly and effectively leaving no residue.

### Benefits:

- Hinokitiol, sea whip and Canadian Willowherb™ relieve redness and irritation
- Allantoin and vitamin E (tocopherol) maintain skin's moisture balance
- Non-comedogenic, fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

Canadian Willowherb™ is used under license from Lucas Meyer Cosmetics Canada Inc.

## HYDRACALM

A rich and restorative moisturiser packed with natural calming ingredients like sea whip, aloe and honey. Specifically formulated to relieve redness and sensitive skin.

### Benefits:

- An innovative low molecular weight hyaluronic acid and niacinamide (vitamin B3) provide intense moisture to all layers of the skin
- A copper peptide strengthens and rehabilitates the look of skin
- Fragrance-free, sulphate-free, paraben-free, dye-free

50 ml / 1.7 fl oz

● FITZPATRICK I-VI  
NORMAL TO DRY SKIN

## RECOVERY BALM

An intensely soothing and calming moisturiser specifically formulated for post-procedure recovery, without hydrocortisone.

### Benefits:

- Packed with antioxidants and soothing ingredients
- Hinokitiol, sea whip and glucosides relieve redness and irritation
- Copper peptide rehabilitates the look of skin
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

## NECK AND DÉCOLLETÉ FIRMING CREAM

A luxuriously smooth firming cream that helps to prevent and improve the appearance of fine lines, wrinkles and hyperpigmentation, restoring a more youthful appearance.

### Benefits:

- Essential amino acids, flower acids and low levels of encapsulated retinol firm and strengthen the skin and improve elasticity
- Liquorice and kojic acid reduce the appearance of hyperpigmentation and even skin tone
- Fragrance-free, sulphate-free, paraben-free, mineral oil-free, dye-free

90 ml / 3 fl oz

● FITZPATRICK I-VI  
ALL SKIN TYPES

# Sunscreens

Through our sunscreen formulation process, we know that one type of sunscreen doesn't suit all. The biggest issue people have with using sunscreen daily is the texture which led us to create a range of cosmetically elegant formulas with a choice of texture and tint.

Our broad spectrum photostable sunscreens are fully backed by science, and we only use active ingredients with proven safety records.

We believe sunscreens should have an SPF of at least 30 which lets through half as many UV rays as an SPF of 15. We also believe in the specific combination of antioxidants in our sunscreens, since they have been shown to protect skin from damaging free radicals caused by UV rays.

AlumierMD sunscreens are created using the ideal blend of science and beauty, providing reliable protection in luxurious formulations with tints to suit your skin tone.

## SHEER HYDRATION BROAD SPECTRUM SUNSCREEN SPF 40

A sheer moisturising broad spectrum facial sunscreen for all skin types.

### Benefits:

- Powerful broad spectrum protection against UVA and UVB rays
- Smoothing and moisturising formula with vitamin E
- Features physical filters: zinc oxide and titanium dioxide
- Free from chemical filters
- Antioxidants, including resveratrol and glutathione, protect from UV-induced free radical damage
- Offered in both untinted and versatile tint creating a sheer healthy glow

- UNTINTED
- VERSATILE TINT

## CLEAR SHIELD BROAD SPECTRUM SUNSCREEN SPF 42

A lightweight, non-comedogenic, broad spectrum sunscreen to suit all skin types including oily, redness and acne-prone skin.

### Benefits:

- Broad spectrum protection against UVA and UVB rays
- Features physical filters: zinc oxide and titanium dioxide
- Free from chemical filters
- Niacinamide soothes and relieves redness to target blemishes
- Antioxidants, including resveratrol and glutathione, protect from UV-induced free radical damage

## MOISTURE MATTE BROAD SPECTRUM SUNSCREEN SPF 40

An innovative broad spectrum tinted facial sunscreen with a matte finish for normal to oily skin types. It can also double as your daily foundation.

### Benefits:

- Powerful broad spectrum protection against UVA and UVB rays
- Features physical filters: zinc oxide and titanium dioxide
- Free from chemical filters
- Antioxidants, including silybin and caffeine, protect from UV-induced free radical damage
- Smoothes and hydrates while absorbing excess oil to create a matte finish
- Offered in ivory, sand and amber tints

## Brighter Ideas in Skin Science

### **PAIRING HOME CARE PRODUCTS AND PROFESSIONAL TREATMENTS:**

Home care products and professional treatments work synergistically to improve the health and beauty of skin. Home care products prepare your skin for professional treatments and then maintain the results post treatment.

Professional treatments enhance the results of your home care products.

By combining your customised home care regime with potent professional treatments, the result is radiant skin with improvements in tone and texture, and the visible signs of ageing.

### **THE ALUMIERMD SKIN CARE PROFESSIONAL:**

The key to beautiful skin is the skin care professional who can customise your product and treatment recommendations.

Using the correct formulations is crucial for optimal results just as using the incorrect ones can be detrimental.

We trust and value our AlumierMD skin care professionals because they have in depth knowledge, and because they are trained on our formulas. They will help you find the best product and treatment regime for your specific skin profile. For your convenience you will be able to replenish your purchases online with the unique access code provided by your skin care professional.

### **ALUMIERMD CHEMICAL PEELS:**

Most beneficial ingredients for the skin tend to degrade or denature when placed in the low pH of chemical peel formulas. With that scientific information in mind, AlumierMD peels use only the pure acids; antioxidants, anti-ageing and brightening booster ingredients are applied post-peel in our Brightening Accelerator so all components remain effective.

Peels remove cellular debris from the outer layers of the stratum corneum, so the booster ingredients are better absorbed when applied post-peel. Our multilayer process can be customised by your skin care professional according to your skin profile and concerns.

# Treatment Menu

The key to beautiful skin is your skin care professional who can customise your AlumierMD experience. No more guess work; enjoy a professional treatment that is catered to your specific skin needs, and see real results.

By combining your customised home care regime with potent professional treatments, the result is radiant skin with improvements in tone and texture, and the visible signs of ageing.

## ALUMIERMD PROFESSIONAL TREATMENT OPTIONS:

### ALUMIERMD CHEMICAL PEELS:

AlumierMD Peel Treatments are the ultimate in customisation to help your specific skin concerns. A unique complex of ingredients decrease the visible signs of ageing including fine lines, wrinkles and hyperpigmentation, like age spots, discolouration and uneven skin tone. AlumierMD Peels also target acne by unclogging pores and calming irritation and redness.

This unique experience includes an exfoliating peel treatment and brightening enhancers, followed by targeted treatment serums which will reveal more radiant, soft and luminous skin.

### ALUMIERMD DEEP MOISTURISING TREATMENT:

Deep Moisturising Treatment is an intensive hydrating and antioxidant option that nourishes your skin with soothing and moisture-binding ingredients, resulting in plump, soft skin and a dewy complexion. This customised treatment also includes the application of targeted treatment serums to address your individual skin concerns in order to provide optimal results.

### ALUMIERMD ENZYME TREATMENT:

Enzyme Retexturing Treatment is a highly effective fruit enzyme resurfacing solution that encourages cell turnover and promotes skin renewal. This unique experience also includes brightening enhancers, followed by targeted serums to address individual concerns. The result is an improvement in the appearance of fine lines, wrinkles and hyperpigmentation while soothing the skin and maintaining hydration.

# Treatment Menu

## **ALUMIERMD REFINING CLAY TREATMENT:**

AlumierMD Refining Clay Treatment purifies and refines the skin using an exclusive blend of clay, plant extracts and exfoliating ingredients. This unique experience also includes brightening enhancers and targeted treatment serums to address individual concerns. The result is an improvement in the appearance of oily skin and pore size while soothing and maintaining hydration.

## **EYE RESCUE TREATMENT:**

Eye Rescue Pads are soothing and cooling gel pads to rejuvenate the eye area. Combined with the expert touch of your AlumierMD professional, this add-on is a must for anyone who's looking to improve the appearance of the delicate eye area. You will be treated to a pressure point massage to improve circulation and clarity leaving your eyes looking brighter and refreshed.

## **ALUMIERMD AQUA INFUSION TREATMENT:**

This refreshing treatment includes an oil-free, lightweight mask that provides anti-ageing moisture to all skin layers. High and low molecular weight hyaluronic acid along with natural moisturising factors increase your skin's ability to retain moisture for a smooth, plump and refreshed glow. Our customised treatment also includes the application of targeted treatment serums to address your individual skin concerns for optimal results.
